(i) If the program is offered in terms and credit hours, the institution uses the methodology in—

   (A) Paragraph (b) of this section provided that the program meets all the criteria in paragraph (a)(1) of this section, except that in lieu of paragraph (a)(1)(ii)(B) of this section, the program provides at least the same number of weeks of instructional time in the terms specified in paragraph (a)(1)(ii)(A) of this section as are in the program’s academic year; or

   (B) Paragraph (d) of this section.

(ii) The institution uses the methodology described in paragraph (e) of this section if the program is offered in credit hours without terms or clock hours.

(iii) The institution uses the methodology described in §690.66 if the program is correspondence study.
§ 690.63 Calculation of a Federal Pell Grant for a payment period

The Federal Pell Grant for a payment period, i.e., an academic term, for a student in a program using standard terms with at least 30 weeks of instructional time in two semesters or trimesters or in three quarters as described in paragraph (a)(1)(ii)(A) of this section, is calculated by—

(1) Determining his or her enrollment status for the term;

(2) Based upon that enrollment status, determining his or her annual award from the Payment Schedule for full-time students or the Disbursement Schedule for three-quarter-time, halftime, or less-than-half-time students; and

(3) Dividing the amount described under paragraph (b)(2) of this section by—

(i) Two at institutions using semesters or trimesters or three at institutions using quarters; or

(ii) The number of terms over which the institution chooses to distribute the student's annual award if—

(A) An institution chooses to distribute all of the student's annual award determined under paragraph (b)(2) of this section over more than two terms at institutions using semesters or trimesters or more than three quarters at institutions using quarters; and

(B) The number of weeks of instructional time in the terms, including the additional term or terms, equals the weeks of instructional time in the program's academic year.

(c) Programs using standard terms with less than 30 weeks of instructional time. The Federal Pell Grant for a payment period, i.e., an academic term, for a student in a program using standard terms with less than 30 weeks of instructional time in two semesters or trimesters or in three quarters as described in paragraph (a)(2)(ii)(A) of this section, is calculated by—

   In a program using semesters or trimesters—
   The number of weeks in the program's academic year
   ; or

   In a program using quarters—
   The number of weeks in the program's academic year
   ; and

   (4)(i) Dividing the amount determined under paragraph (c)(3) of this section by two for programs using semesters or trimesters or three for programs using quarters; or

   (ii) Dividing the student's annual award determined under paragraph (c)(2) of this section by the number of terms over which the institution chooses to distribute the student's annual award if—

   (A) An institution chooses to distribute all of the student's annual award determined under paragraph (c)(2) of this section over more than two terms for programs using semesters or trimesters or more than three quarters for programs using quarters; and

   (B) The number of weeks of instructional time in the terms, including the additional term or terms, equals the weeks of instructional time in the program’s academic year definition.

(d) Other programs using terms and credit hours. The Federal Pell Grant for a payment period, i.e., an academic term, for a student in a program using terms and credit hours, other than those described in paragraphs (a)(1) or (a)(2) of this section, is calculated by—

(ii) For a student enrolled in a term other than a semester, trimester, or quarter, determining his or her enrollment status for the term by—

   (A) Dividing the number of weeks of instructional time in the term by the number of weeks of instructional time in the program’s academic year;

   (B) Multiplying the fraction determined under paragraph (d)(1)(ii)(A) of this section by the number of credit hours in the program’s academic year to determine the number of hours required to be enrolled to be considered a full-time student; and

   (C) Determining a student’s enrollment status by comparing the number of hours in which the student enrolls in the term to the number of hours required to

Programs using credit hours without terms or clock hours. The Federal Pell Grant for a payment period for a student in a program using credit hours without terms or using clock hours is calculated by—

(1) Determining the student’s Scheduled Federal Pell Grant using the Payment Schedule; and

(2) Multiplying the amount determined under paragraph (e)(1) of this section by the lesser of—

(i) The number of credit or clock hours in the payment period

; or

(ii) The number of weeks of instructional time in the payment period

(f) A single disbursement may not exceed 50 percent of any award determined under paragraph (d) of this section. If a payment for a payment period calculated under paragraph (d) of this section would require the disbursement of more than 50 percent of a student’s annual award in that payment period, the institution shall make at least two disbursements to the student in that payment period. The institution may not disburse an amount that exceeds 50 percent of the student’s annual award until the student has completed the period of time in the payment period that equals, in terms of weeks of instructional time, 50 percent of the weeks of instructional time in the program’s academic year.

(ii) The student’s payment for the payment period is greater than the remaining balance of the first Scheduled Award.

(2) The student’s payment for the payment period—

(i) Is calculated based on the total credit or clock hours and weeks of instructional time in the payment period; and

(ii) Is the remaining amount of the first Scheduled Award plus an amount from the second Scheduled Award for the balance of the payment for the payment period.

(a) If a student enrolls in a payment period that is scheduled to occur in two award years—

(b)(1) The entire payment period must be considered to occur within one award year;

(b)(2) The institution must reassign the payment to the award year providing the greater payment if the institution receives information that the student would receive a greater payment for the payment period by reassigning the payment to the other award year—

(i) Subsequent to the initial calculation of the student's payment for the payment period; and

(ii) Not later than the deadline date for the first award year that the Secretary establishes through publication in the Federal Register for each award year; and

(b)(3) The institution may determine for each Federal Pell Grant recipient the award year in which the payment period will be placed:

(c)(3) If an institution places the payment period in the first award year, it shall must pay a student with funds from the first award year; and

(d)(4) If an institution places the payment period in the second award year, it shall must pay a student with funds from the second award year.

(b) An institution may not make a payment which will result in the student receiving more than his or her Scheduled Federal Pell Grant for an award year.
§690.65 Transfer student: attendance at more than one institution during an award year

(a) If a student who receives a Federal Pell Grant at one institution subsequently enrolls at a second institution in the same award year, the student may receive a Federal Pell Grant at the second institution only if—

(1) The student submits a valid SAR to the second institution; or

(2) The second institution obtains a valid ISIR.

(b) The second institution shall calculate the student’s award according to §690.63.

(c) The second institution may pay a Federal Pell Grant only for that portion of the academic year in which a student is enrolled at that institution. The grant amount must be adjusted, if necessary, to ensure that the grant does not exceed the student’s Scheduled Federal Pell Grant for that award year except as provided under §690.67.

(d) If a student’s Scheduled Federal Pell Grant at the second institution differs from the Scheduled Federal Pell Grant at the first institution, the grant amount at the second institution is calculated as follows—

(1) The amount received at the first institution is compared to the Scheduled Federal Pell Grant at the first institution to determine the percentage of the Scheduled Federal Pell Grant that the student has received.

(2) That percentage is subtracted from 100 percent.

(3) The remaining percentage is the percentage of the Scheduled Federal Pell Grant at the second institution to which the student is entitled.

(e) The student’s Federal Pell Grant for each payment period is calculated according to the procedures in §690.63 unless the remaining percentage of the Scheduled Federal Pell Grant at the second institution, referred to in paragraph (d)(3) of this section, is less than the amount the student would normally receive for that payment period. In that case, the student’s Federal Pell Grant is equal to that remaining percentage.

(f) A transfer student shall repay any amount received in an award year that exceeds—

(1) His or her Scheduled Federal Pell Grant; or

(2) The amount which he or she was eligible to receive for the award year under §690.67.

§690.66 Correspondence study

(a) An institution calculates the Federal Pell Grant for a payment period for a student in a program of study offered by correspondence courses without terms, but not including any residential component, by—

1. Determining the student’s annual award using the half-time Disbursement Schedule; and

2. Multiplying the annual award determined from the Disbursement Schedule for a half-time student by the lesser of—

   (i) the number of credit hours in the payment period divided by the number of credit hours in the program’s academic year; or

   (ii) the number of weeks of instructional time in the payment period divided by the number of weeks of instructional time in the program’s academic year.

(b) For purposes of paragraph (a) of this section—

1. The institution shall make the first payment to a student for an academic year, as calculated under paragraph (a) of this section, after the student submits 25 percent of the lessons or otherwise completes 25 percent of the work scheduled for the program or the academic year, whichever occurs last; and

2. The institution shall make the second payment to a student for an academic year, as calculated under paragraph (a) of this section, after the student submits 75 percent of the lessons or otherwise completes 75 percent of the work scheduled for the program or the academic year, whichever occurs last.

(c) In a program of correspondence study offered by correspondence courses using terms but not including any residential component—

1. The institution must prepare a written schedule for submission of lessons that reflects a workload of at least 30 hours of preparation per semester hour or 20 hours of preparation per quarter hour during the term;

   (i) if the student is enrolled in at least 6 credit hours that commence and are completed in that term, the Disbursement Schedule for a half-time student is used to calculate the payment for the payment period; or

   (ii) if the student is enrolled in less than 6 credit hours that commence and are completed in that term the Disbursement Schedule for a less-than-half-time student is used to calculate the payment for the payment period;

3. A payment for a payment period is calculated using the formula in §690.63(d) except that paragraphs (c)(1) and (2) of this section are used in lieu of §690.63(d)(1) and (2) respectively; and

4. The institution shall make the payment to a student for a payment period after that student completes 50 percent of the lessons or otherwise completes 50 percent of the work scheduled for the term, whichever occurs last.

(d) Payments for periods of residential training shall be calculated under §690.63(d) if the residential training is offered using terms and credit hours or §690.63(e) if the residential training is offered using credit hours without terms.

§690.67 Receiving up to two Scheduled Awards during a single award year. [Reserved]

(a) Eligibility. An institution shall award up to the full amount of a second Scheduled Award to a student in an award year if the student—

(1) Is enrolled for credit or clock hours that are attributable to the student’s second academic year;

(2) Is enrolled in an eligible program leading to a bachelor’s or associate degree or other recognized educational credential except as provided in 34 CFR part 668, subpart O for students with intellectual disabilities; and

(3) Is enrolled at least as a half-time student.

(b) Transfer student—

(1) Options. If a student transfers to an institution during an award year, the institution must determine the credit or clock hours earned in the award year at the other institutions in accordance with paragraph (b)(2) or (3) of this section.

(2) Assumption method. (i) The institution may assume that a student has completed the credit or clock hours in the first academic year of the award year if the first Scheduled Award was disbursed at other institutions during the award year, or

(ii) If less than the first Scheduled Award has been disbursed at the prior institution that the student attended during the award year, the institution must determine the credit or clock hours the student is considered to have previously earned in the award year by—

(A) Multiplying the amount of the student’s Scheduled Award disbursed at a prior institution during the award year by the number of credit or clock hours in the institution’s academic year and dividing the product of the multiplication by the amount of the Scheduled Award at the prior institution; and

(B) If the student previously attended more than one institution in the award year, adding the results of paragraph (b)(2)(i) of this section for each prior institution.

(3) Hours-earned method. (i) If the institution has information concerning the credit or clock hours earned by a student while attending other institutions, the institution may determine the credit or clock hours actually earned at other institutions.

(ii) To make a determination under paragraph (b)(3)(i) of this section, the institution must have information that—

(A) Includes the time periods when the credit or clock hours were earned; and

(B) Does not include nonapplicable credit or clock hours described in paragraph (d) of this section.

(4) Receipt of additional information. (i) If an institution receives additional information concerning, for paragraph (b)(2) of this section, Federal Pell Grant disbursements or, for paragraph (b)(3) of this section, credit or clock hours earned at other institutions and related information, subsequent to a prior payment period in which the institution disbursed a payment of a second Scheduled Award in the award year based on the application of paragraph (b)(2) or (3) of this section, the institution is not required to apply the information to the prior payment period.

(ii) [Reserved]

c) Special circumstances. (1) In a payment period in which there is insufficient remaining eligibility from a student’s first Scheduled Award to provide a full payment for the payment period, the financial aid administrator at the institution may waive the requirement in paragraph (a)(1) of this section, if the financial aid administrator—

(i) Determines that the student due to circumstances beyond the student’s control was unable to complete the credit or clock hours of the first academic year that are necessary to be enrolling for credit or clock hours that are attributable to the second academic year; and

(ii) The determination is made and documented on an individual basis.

(2) For purposes of paragraph (c)(1) of this section, circumstances beyond a student’s control—

(i) May include, but are not limited to, the student withdrawing from classes due to illness or being unable to register for classes necessary to complete his or her eligible program because those classes were not offered during that period, and

(ii) Do not include, for example, withdrawing to avoid a particular grade or failing to register for a necessary class that was offered during the period to avoid a particular instructor.

(d) Nonapplicable credit or clock hours. To determine the student’s eligibility for a second Scheduled Award in an award year, an institution may not use credit or clock hours that the student received based on Advanced Placement (AP) programs, International Baccalaureate (IB) programs, testing out, life experience, or similar competency measures.

§690.78 [Reserved]
§690.79 Liability for and recovery of Federal Pell Grant overpayments

(a)(1) Except as provided in paragraphs (a)(2) and (a)(3) of this section, a student is liable for any Federal Pell Grant overpayment made to him or her.

(2) The institution is liable for a Federal Pell Grant overpayment if the overpayment occurred because the institution failed to follow the procedures set forth in this part or 34 CFR Part 668. The institution must restore an amount equal to the overpayment to its Federal Pell Grant account.

(3) A student is not liable for, and the institution is not required to attempt recovery of or refer to the Secretary, a Federal Pell Grant overpayment if the amount of the overpayment is less than $25 and is not a remaining balance.

(b)(1) Except as provided in paragraph (a)(3) of this section, if an institution makes a Federal Pell Grant overpayment for which it is not liable, it must promptly send a written notice to the student requesting repayment of the overpayment amount. The notice must state that failure to make that repayment, or to make arrangements satisfactory to the holder of the overpayment debt to repay the overpayment, makes the student ineligible for further title IV, HEA program funds until final resolution of the Federal Pell Grant overpayment.

(2) If a student objects to the institution’s Federal Pell Grant overpayment determination on the grounds that it is erroneous, the institution must consider any information provided by the student and determine whether the objection is warranted.

(c) Except as provided in paragraph (a)(3) of this section, if the student fails to repay a Federal Pell Grant overpayment or make arrangements satisfactory to the holder of the overpayment debt to repay the Federal Pell Grant overpayment, after the institution has taken the action required by paragraph (b) of this section, the institution must refer the overpayment to the Secretary for collection purposes in accordance with procedures required by the Secretary. §690.80 Recalculation of a Federal Pell Grant award

(a) Change in expected family contribution. (1) The institution shall recalculate a Federal Pell Grant award for the entire award year if the student’s expected family contribution changes at any time during the award year. The change may result from—

(i) The correction of a clerical or arithmetic error under §690.14; or

(ii) A correction based on information required as a result of verification under 34 CFR part 668, subpart E.

(2) Except as described in 34 CFR 668.60(c), the institution shall adjust the student’s award when an overaward or underaward is caused by the change in the expected family contribution. That adjustment must be made—

(i) Within the same award year—if possible—to correct any overpayment or underpayment; or

(ii) During the next award year to correct any overpayment that could not be adjusted during the year in which the student was overpaid.

(b) Change in enrollment status. (1) If the student’s enrollment status changes from one academic term to another term within the same award year, the institution shall recalculate the Federal Pell Grant award for the new payment period taking into account any changes in the cost of attendance.

(ii) If the student’s projected enrollment status changes during a payment period after the student has begun attendance in all of his or her classes for that payment period, the institution may (but is not required to) establish a policy under which the student’s award for the payment period is recalculated. Any such recalculations must take into account any changes in the cost of attendance. If such a policy is established, it must apply to all students.

(ii) If a student’s projected enrollment status changes during a payment period before the student begins attendance in all of his or her classes for that payment period, the institution shall recalculate the student’s enrollment status to reflect only those classes for which the student actually began attendance.

(c) Change in cost of attendance. If the student’s cost of attendance changes at any time during the award year and his or her enrollment status remains the same, the institution may (but is not required to) establish a policy under which the student’s award for the payment period is recalculated. If such a policy is established, it must apply to all students.

§690.83 Submission of reports

(a)(1) An institution may receive either a payment from the Secretary for an award to a Federal Pell Grant recipient, or a corresponding reduction in the amount of Federal funds received in advance for which it is accountable, if—

(i) The institution submits to the Secretary the student’s Payment Data for that award year in the manner and form prescribed in paragraph (a)(2) of this section by September 30 following the end of the award year in which the grant is made, or, if September 30 falls on a weekend, on the first weekday following September 30; and

(ii) The Secretary accepts the student’s Payment Data.

(2) The Secretary accepts a student’s Payment Data that is submitted in accordance with procedures established through publication in the Federal Register, and that contains information the Secretary considers to be accurate in light of other available information including that previously provided by the student and the institution.

(3) An institution that does not comply with the requirements of this paragraph may receive a payment or reduction in accountability only as provided in paragraph (d) of this section.

(b)(1) An institution shall report to the Secretary any change in the amount of a grant for which a student qualifies including any related Payment Data changes by submitting to the Secretary the student’s Payment Data that discloses the basis and result of the change in award for each student. The institution shall submit the student’s Payment Data reporting any change to the Secretary by the reporting deadlines published by the Secretary in the Federal Register.

(2) An institution shall submit, in accordance with deadline dates established by the Secretary, through publication in the Federal Register, other reports and information the Secretary requires and shall comply with the procedures the Secretary finds necessary to ensure that the reports are correct.

(3) An institution that timely submits, and has accepted by the Secretary, the Payment Data for a student in accordance with this section shall report a reduction in the amount of a Federal Pell Grant award that the student received when it determines that an overpayment has occurred, unless that overpayment is one for which the institution is not liable under §690.79(a).

(c) In accordance with 34 CFR 668.84, the Secretary may impose a fine on the institution if the institution fails to comply with the requirements specified in paragraphs (a) or (b) of this section.

(d)(1) Notwithstanding paragraphs (a) or (b) of this section, if an institution demonstrates to the satisfaction of the Secretary that the institution has provided Federal Pell Grants in accordance with this part but has not received credit or payment for those grants, the institution may receive payment or a reduction in accountability for those grants in accordance with paragraphs (d)(4) and either (d)(2) or (d)(3) of this section.

(2) The institution must demonstrate that it qualifies for a credit or payment by means of a finding contained in an audit report of an award year that was the first audit of that award year and that was conducted after December 31, 1988 and timely submitted to the Secretary under 34 CFR 668.23(c).

(3) An institution that timely submits the Payment Data for a student in accordance with paragraph (a) of this section but does not timely submit to the Secretary, or have accepted by the Secretary, the Payment Data necessary to document the full amount of the award to which the student is entitled, may receive a payment or reduction in accountability in the full amount of that award, if—

(i) A program review demonstrates to the satisfaction of the Secretary that the student was eligible to receive an amount greater than that reported in the student’s Payment Data timely submitted to, and accepted by the Secretary; and

(ii) The institution seeks an adjustment to reflect an underpayment for that award that is at least $100.

(4) In determining whether the institution qualifies for a payment or reduction in accountability, the Secretary takes into account any liabilities of the institution arising from that audit or program review or any other source. The Secretary collects those liabilities by offset in accordance with 34 CFR part 30.
